Transformational Leadership for Public Safety Leaders

Program Overview

This unique and transformational experience is crafted to equip public safety leaders with the skills and insights required to increase their effectiveness in the field. The program offers an immersive and interactive environment over the course of five full days, ensuring participants are fully engaged throughout the workshop.

Workshop Structure and Focus

During this intensive workshop, participants can expect a dynamic schedule filled with practical activities and collaborative learning opportunities. The agenda is purposefully designed to keep attendees actively involved, promoting both personal and professional growth.

Strategies and Tools for Success

Led by an experienced team, the workshop addresses a range of evidence-based strategies and tools. The curriculum is focused on enhancing workforce engagement, providing actionable techniques that leaders can implement within their organizations. In addition, the program emphasizes methods to improve leader efficacy, empowering attendees to lead with greater confidence and effectiveness.

We want to help develop your full leadership potential!

Tuition includes daily lunch,, coffee, water, snacks, a workbook, resource and reference materials, an Everything DiSC Workplace personalized assessment, a certificate of training, presentations by special guests, participation in the Chief's Panel Discussion, and opportunities for leadership and networking.

Note: 3 college credits at the graduate and undergraduate level will be available for award to participants who successfully complete all learning sessions (additional information for credit award furnished upon request).
